1. Introduction

This document gives directions for using the Smartling Demandware Link Cartridge to translate products, categories and content assets from your Demandware catalogues.

This guide assumes the Cartridge has been correctly installed and configured. See *Smartling Demandware Link Cartridge - Install Guide* for more information.

You must have a Smartling account in order to use the Cartridge. Visit smartling.com to find out more.

2. Submit a Product for Translation

1) Go to Site -> Smartling -> Product translation, select the category of the product you want to translate, and select languages.
